

AID FOR UKRAINIAN & SYRIAN REFUGEES

=====

I am continuing to help co-ordinate the aid for the many Ukrainian and Syrian Refugees in Paphos

When I delivered packages of aid to both centres last Friday, and speaking to the two Principals running the centres, it became apparent that an urgent need was for trainers or similar footwear for both children, men and women.

As the weather starts to change and colder and hopefully more rain prevails, the majority of Refugees have only fit-flop types of footwear, which will prove totally unsuitable soon

Can I please ask all members to look into their wardrobes, shoe cupboards etc for trainers, or similar footwear which they no longer wear or need, and kindly donate these to the Refugees. All sizes are welcome.

It has been agreed with the Golf Pro-shop, that these shoes can be left in the small office just behind the reception area

Any help with the footwear would be greatly appreciated
